

Ontario
Home Builders'
Association

How OHBA Works for You

The Ontario Home Builders' Association (OHBA) is the voice of the residential construction industry in Ontario. We support the industry by advocating for home builders, land developers, professional renovators, and other service providers, reducing regulatory and fiscal barriers to build more homes and drive growth.

About OHBA

OHBA was **founded in 1962** and, for over six decades, has been a force in the residential construction industry.

With **28 local chapters** across the province, we support **over 4,000 members** with both local and provincial level issues - empowering them to **build more homes** and supporting the growth of the industry. We operate on a three-tier system with national, provincial, and local chapters.

Through our member-led councils, we advocate for a variety of matters across the residential construction industry:

- **Land Development** - Proactive government advocacy and strategic guidance on land development, housing, and land use regulations.
- **Regulatory Affairs** - Focused on home regulation advocacy with Home Construction Regulatory Authority (HCRA) and Tarion.
- **Technical** - Expertise in the Ontario and National building code development and implementation, and engagement on policy matters impacting technology adoption and energy transition.
- **Renovators** - A forum for renovators to develop standards, advocacy strategy, and growth plans for the renovation market.
- **OHBA Regional Groups** - Covering regional issues in central, southwestern, eastern, and northern Ontario.

Our Priorities

Industry Advocacy

Education & Training

Networking & Events

Advocacy Goals

Cutting Red Tape

Fees & Taxes

Illegal Building
